Minister and Educator Retreat Registration is Online. [Sign up now for the October 22-24 retreat](#). The Bible is full of embarrassing, offensive, problematic texts that present serious interpretive challenges for contemporary Christian faith and practice. Should they be repudiated? Discarded? Silenced? Or are there perhaps more effective and faithful ways of handling them? This retreat will tackle the importance of engaging difficult texts directly, with the expectation that we may encounter the living God in our conversation with them. It will provide the opportunity to wrestle with such texts, to consider interpretive strategies for engaging them with integrity, and to reflect on the authority of Scripture..
